In America

*“..Here I am in twenty-
twenty-five and it’s a
different time in America.
Searching for answers,
searching for love, I found
out who I am, in America..”*

N.G.U.

*“..She said, Never Give Up,
never give in, shine your
brightnest candle hidden
deep within and you will
start to feel better and
better..”*

Wise Women

“...Where do you go when you need a helping hand? Oh Wise Women, who will understand. The makeup ads make it seem like its all bad to be an old woman. I refuse to fear the passing years...”
